## The OLIVER TYPEWRITER

Simplicity, durability, speed and manifold power are conceded to be the four great essentials in a typewriting machine. We present to the public THE OLIVER as the latest and most striking embodiment of these features, and the most radical departure from other methods of construction.

### DURABILITY

Other things being equal, durability follows as the result of simplicity. There is not a small, frail bearing in the machine. There are no fine joints to be affected by wear. The best materials obtainable, combined with good construction, are added to the simplicity of this machine, thus making its durability a foregone conclusion.

### TYPEWRITER SUPPLIES

If in need of Typewriter Supplies of any kind, such as Cabinets, Stands, Paper, Ribbon, Carbon Paper, Oil, Copy Holders, Erasers, Brushes, or any other accessory, call on us and we will show you the BEST goods for the LOWEST prices.

## PUNISHMENT AND PENITENCE IN COURT

In the Police Court this morning five worshippers of Bacchus deposited the usual offering of \$2. Ah Fat, Kakai, Hihia (w.), Jno. Mendon and Ah Lana were fined \$5 for being on premises where T-11 was played.

The case against Fred. Vancorrey and Eliza for adultery was drille prosed. Juan Boardal (w.), was fined \$25 for fornication while the man in the case, Jno. Silva, forfeited his bail.

Hakuno, the Japanese woman who shot a native boy with an air gun last Saturday, was committed to the Circuit Court. Haisuro testified that she was trying to take the gun away from the boy when he himself by accident pulled the trigger.

F. B. Blackburn, who answered to the charge of headless driving had his case continued till July 9. Blackburn is the man who drove over Col. Hawes yesterday. W. K. Kalekale, charged with assault and battery on Mrs. Halekula, and Yin Look, charged with assault and battery, had their cases continued till tomorrow.

Rosa Dias and Emma Saffery, both charged with disobedience to their parents, were reprimanded and discharged. Rosa and Emma had continued their Fourth of July celebration till this morning when they were arrested. They are very penitent.

## DOCTOR INOCULATED WITH TUBERCULOSIS

Paris, June 18.—Dr. Garnault, who inoculated himself with tuberculosis virus from an infected animal to test Prof. Koch's assertion that bovine tuberculosis will not infect human beings, says that he most carefully refrained from introducing any contaminated matter into his vein. If the experiment results in tuberculosis then Prof. Koch's statement will be disproved. If it does not so result he will inject virus into a vein in his finger, which will be amputated if contagion follows.

He has felt no effect in the first twenty-four hours since he was inoculated. He expects it will be two or three weeks before the effect of the experiment will show.

In describing his self-inoculation Dr. Garnault says he first inserted his left forearm over a space of twelve square millimeters about ten centimeters below the elbow. He scraped off the skin of the ulnar, which produced a slight effusion of blood. Then he applied to the wound the powdered glands of a cow which the authorities had seized because it was suffering from tuberculosis.

A poultice of the powdered glands, which were reduced to a pulp, was maintained in contact with the wound by means of bandages for two hours. The remainder of the powdered glands was taken away to inoculate guinea pigs. Four doctors were witnesses of Dr. Garnault's act, but took no part in the operation.

If this experiment does not succeed Dr. Garnault will place himself in the hands of Dr. Theobald Smith of Boston and Dr. Baumgarten of Tubingen, to make all the experiments they think proper with cultures of bovine tuberculosis.

## CROWDS SEE BOAT OFF

(Continued from page 1.)

before the passengers came to their breakfast. This was done.

No passengers visited the captain nor asked him to remove the placard and no other sign. "God Save the King," or anything else, was put up in its place. There was absolutely no ill feeling manifested on the ship between the Americans and Britons on the Fourth of July. Britons appreciated the fact that it was America's holiday. It had been a British holiday the sailors would have worn the British colors and suitable mottoes would doubtless have taken the place of the American legends.

Few passengers could be found who had seen the motto "Independence Forever" and there were none who saw "God Save the King" for that sign was never in sight.

Said one of the through passengers, an Englishman, "We certainly did not expect to see 'God Save the King' placarded in the saloon on America's day of independence and no such sign appeared. I, for one, should assuredly not have felt annoyed at the sentiment 'Independence Forever' had I seen it posted on the mirror, for it was the Fourth of July. It is all Tommyroy, you know, this attempt at making ill feeling between the Britons and Americans, for no such feeling exists unless it be among the vulgar classes. I'm sure that America feels very deeply for England while the King is ill, just as England felt for America when President McKinley's life was in the balance. I was much grieved by the story in the Advertiser this morning and I'm sure every sensible Englishman and American abroad the boat was exceedingly vexed at the silly tale."

"It was a beastly shame," said another Britisher, while still others characterized the article as "a nasty fib."

The Sonoma is due early tomorrow morning from San Francisco with five days' later mail and newspaper files.

Captain Brokaw was a passenger for Hilo in the Kinau today. He is on a combined business and pleasure trip.

The Kewalo ditch system will be completed even beyond the scope of original plans well within the appropriation of \$25,000.

J. Martin Miller, a correspondent who visited Hawaii in 1898 is the author of one of the new books on the Martinique disaster.

The Rev. A. V. Soares, Dr. Armitage, F. C. Baldwin, J. A. Gonsalves, L. A. Bartlett and J. E. Gannon leave this afternoon in the Claudine for Maui ports.

The Mauna Loa was an hour late in getting away for Kona and Kau ports today, sailing at 1 o'clock. Her large freight delayed her. The Kinau sailed for Hilo and way ports at 12:30 o'clock.

Among the passengers leaving for Lahaina, Maunaloa, Kona and Kau ports in the steamer Mauna Loa at 1 o'clock this afternoon were W. C. Crook, Miss Fannie Leslie, Miss Ackerman and the Misses Arnold.

Rev. G. L. Pearson, Cecil Brown and wife, Dr. Herbert, Judge Stanley, Dr. Augur, and Mr. and Mrs. G. K. Wilder were among those who left for Hilo and way ports in the Kinau at noon today.

The United States Fish Commission steamer Albatross expects to sail this evening or tomorrow on a three weeks' cruise around the island of Hawaii. While in port she has been undergoing some slight repairs to her machinery.

The meeting of the Board of Directors of the Y. M. C. A., which was to have been held last night, did not take place as there was not a quorum present. At the next meeting of the board an examination will be made of the Association building to ascertain where repairs are needed.

Hon. S. M. Damon, the Rev. A. Mackintosh, L. A. Thurston, R. W. McChesney, the Misses Afong, Mrs. F. B. McStocker, Dr. J. S. Bishop, wife and four children, Mrs. J. D. Spreckels and C. A. Park and wife were among the passengers leaving in the Ventura for San Francisco this morning.

Although there have not been any further applications made for space in the Merchants' Fair building, numerous inquiries have been made by interested parties, and it is expected, on account of the evident interest displayed by the business community, that during the next few days numerous applications for space will be handed in.

## INTER-ISLAND BASEBALL

### TEAM FROM EACH ISLAND FOR MERCHANT WEEK GAMES

Chillingworth Has Taken Hold of the Project—All Islands Have Good Teams—Maui Has Strongest Aggregation.

President Chillingworth of the Baseball League has started in to secure an inter-island baseball series in the city during Merchants' Week. The suggestion was made this morning and Mr. Chillingworth immediately took up with the idea and promised the promotion committee to do his best to secure a team from each island to take part in a series of games.

Maui ought to be able to send a team to Honolulu that will give the local boys all they want to do. The series of games now being played at Wel-Park is developing some very good players and attracting attention throughout the island.

Hilo also has a baseball team of no small ability. Its record against the Maunaloa on the Eleventh of June was not as satisfactory as its supporters had hoped, but given time for preparation the Hilo boys can put up a stiff game.

Finally, Kauai has the making of a representative team from among the players of Koloa and Waimea. A very exciting game was played recently between the Waimea and Koloa teams and the Koloa boys are now seeking a return game. A nine picked from the players of Kauai could certainly hold its own in Honolulu. The interest in baseball throughout the islands is so marked that an inter-island contest would certainly attract patronage and prove a big drawing card.

The Merchants' Fair committee at a meeting held yesterday afternoon discussed the arranging of entertainments and sports to take place during that week. Chairman Helm reported that he had arranged with the railroad officials that visitors to this city could travel to Kahuku and way points at the regular excursion rates.

It is not often that Mainland writers contribute special stories to the Honolulu newspapers, hence "The Quest of Love," written by Edythe Lewis Schmitt, one of the regular contributors to "The Smart Set," will prove more interesting in next Sunday's Bulletin.
